

U.S. Serial No. 10/799,719  
Amendment and Reply to Office Action of July 7, 2005

2

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1.(currently amended) A helicopter moving device, for operation by an individual to move a helicopter having skids and rear wheels on the skids, the helicopter moving device comprising:

a lever having a fulcrum, the lever having a length suitable for operation by an individual; and

a helicopter skid connector including a helicopter support arm having opposed ends, each of the opposed ends being adapted for connecting to a different one of the skids of a helicopter, the helicopter skid connector attached to the lever at a joint in a position such that movement of the lever in an arc about the fulcrum causes a corresponding movement of the helicopter skid connector that is capable of lifting a helicopter at one end of the helicopter to allow movement of the helicopter on the rear wheels of the helicopter by an individual operating the lever; and

a wheel mounted on the lever and acting as the fulcrum.

2. (currently amended) The helicopter moving device of claim 1 in which the helicopter skid connector comprises clamps.

3. (Cancelled)

4. (Cancelled)

5. (currently amended) The helicopter moving device of claim ~~[[4]]~~ 2, further comprising a handlebar attached to the lever ~~arm~~.

U.S. Serial No. 10/799,719  
Amendment and Reply to Office Action of July 7, 2005

3

6. (original) The helicopter moving device of claim 5 further comprising a motor attached to a drive mechanism and the drive mechanism attached to the wheel for propelling the wheel.

7. (original) The helicopter moving device of claim 6 in which the clamps are arranged for lateral adjustment on the helicopter support arm.

8. (currently amended) The helicopter moving device of claim ~~[[8]]~~ 7 in which the helicopter support arm is pivotally attached to the lever to rotate in a plane that contains both the lever and helicopter support arm.

9. (currently amended) The helicopter moving device of claim ~~[[9]]~~ 8 in which the helicopter support arm is pivotally attached to the lever ~~arm~~ with a releasable pin.

10-18. Cancelled.

19. (new) The helicopter moving device of claim 1 in which the helicopter support arm is pivotally attached to the lever to rotate in a plane that contains both the lever and helicopter support arm.

20. (new) The helicopter moving device of claim 19 in which the helicopter support arm is pivotally attached to the lever with a releasable pin.
